

DFW MIDSTREAM CLASSIC

2017 EVENT SUMMARY

With over twenty-five years of experience in outside sales and marketing, we have always relied on networking events as a staple in our successful sales efforts. Networking events allow relationships to develop and grow with very little tension.

FEATURED REVIEWS

This event was well worth KPE's attendance and sponsorship. The event attendance was a pleasant mixture of end-users and vendors/engineering companies. Even though attendance was near maximum capacity, our morning golf flight went very smoothly, no waiting at the holes. The golf canon was an excellent idea.

~ **W. Scott Baker, PE, KPE**

The EmPrestiza Midstream Classic DFW is a great event that provides an ideal platform to network with potential and current customers. We were able to make introductions and follow up with clientele in a casual and fun environment. We look forward to next years event.

~**Ashllie Rowley, Kahuna Ventures**
